Suspicious Looking Package for Governor of Mississippi

NO EXPLOSIONS OCCUR

Toys Are Found in One Package—Believed to be Practical Joke.

Jackson, Miss., May 5.—A package received in the mail here today by Governor Theodore G. Bilbo, of Mississippi, which local postoffice authorities believed contained an infernal machine, late today was shot to pieces with a shot gun by a postal employee and according to persons present, failed to explode or show any signs of danger.

The Governor had given the package to the local postmaster after partially opening it. It was similar in size and appearance to parcels received today by Mayor Walter A. Scott, of Jackson, and Frederick Sullens, editor of a local newspaper, and was wrapped in brown paper, the inside of which bore the inscription, "Gimbel Brothers, New York, novelties." Postoffice heads said the packages resembled those described in newspaper dispatches recently discovered in a New York postoffice addressed to Cabinet members and other prominent men.

According to a postoffice inspector, examination of the package received by the Governor disclosed a small copper wire, to which a tag was attached. On this was the instruction: "To open, pull this wire."

Wooden Toys.

Three small wooden toys were found; and on the reverse side of the tag were the words: "If you have followed instructions and pulled the wire, you are entitled to play with these toys."

According to Postoffice Inspector A. P. Wilson no postmark appears on the three packages. They were received in Jackson as first-class mail and it is believed came early today from the North on an Illinois Central train.

The package received by Mayor Scott and Mr. Sullens are being held pending instructions from Washington.

Not Taking Chances.

While friends of the recipients, it was said, are inclined to think they have been made subjects of practical jokes, local postoffice heads tonight said they would take no chances. It developed tonight that packages similarly wrapped, but larger in size, bearing the name "Gimbel Brothers, New York," have been sent persons in other parts of the State. One, it was said, received by a citizen at Edwards, Miss., on examination contained two small oranges.

24. Valedictory, by Lilymore Stukes.
25. Good Night Ladies, song by three of pupils and teacher.

Again I wish to thank the dear people of Baywood School and community for their hearty support and co-operation in making our closing exercise a success. Dear parents, I cannot express with words my gratitude and love to you for your sympathy and kindness during the past school term in every way. My seven months' work with you all was pleasant indeed, but one fault, they came to an end too quick.

You supported me in every way, from the first to the last day, with your time, work, money and love.

Parents, pupils and friends of Baywood, you are a splendid example of perfect co-operation.

Many thanks especially to Mr. Ellison Bryant for taking the part in our plays he did, and to the pupils for their work.

Baywood! Baywood! nestled there beneath the pine
With Honey Suckles around you twined,
With the Godly neighborhood,
And parents and pupils so good,
Baywood! Baywood; thou art mine.
Teacher.

ATTACKED BY BLACK EAGLE

Farmer J. R. Wilson Had Hard Fight Before Capturing Bird.

Gaffney, May 4.—J. R. Wilson, who manages the farm of F. H. Knox, in Cherokee County, had an exciting experience yesterday when he was attacked by a black eagle, and had a strenuous time before he succeeded in killing the monster. Mr. Wilson was near the river when the eagle came out from under some timber and made the attack upon him. He brought it to Gaffney, where it was weighed and measured by C. C. Kirby, who has it now on exhibition and crowds of people have visited the store Friday and Saturday, as nothing of the kind has ever been seen in this section. It weighed ten pounds and measured eight feet from tip to tip.
